Extension Club
of Stromsburg

The "Buy a Brick" program was developed in 1996 with the plan of using all proceeds from brick sales to purchase and maintain the beautiful landscape throughout the Midwest Covenant Home campus.

With donors continued support, our residents, their family and friends are able to enjoy a well kept yard, flower beds, landscaping, trees, during their stay. With your continued support, even more additions can be made to the campus.

With the addition of the Dining Room expansion on the Nursing Home side of Midwest Covenant Home, it was determined to make a permanent placement of the number of memorial bricks already received and a place for any more to come...now know as Memorial Garden at Midwest Covenant Home.

The final arrangement remains in the planning phase while input from residents and family can be gathered. The general area for placement of Memorial Garden at Midwest Covenant Home will be west of the main entrance to the Nursing Home, somewhere close to the newly added front patio just outside the Family Dining Room.

The number of improvements made today will produce unimaginable landscapes for years to come...a wonderful gift we can give to those who come to stay or visit Midwest Covenant Home.
